Arts Administration Fellowship

The Arts Council of Greater New Haven has provided steadfast leadership and advocacy for artists, arts organizations and audiences since 1964 for the Greater New Haven region including the towns of Milford, Orange, Woodbridge, Branford, Bethany, East Haven, Guilford, Hamden, Madison, Meriden, New Haven, North Haven, North Branford, Wallingford, and West Haven. The Arts Council is a regional non-profit membership organization dedicated to enhancing, developing and promoting opportunities for artists, arts organizations and audiences throughout the area. The Council strives to build a vibrant artistic and cultural community that is representative of all arts disciplines, fiscally strong, supportive of individual artists and organizations, rich in ethnic and socioeconomic diversity, and accessible to all audiences.

Today, the Arts Council strives to advance Greater New Haven by providing leadership and support to our diverse arts community. We envision a thriving arts community at the heart of Greater New Haven and believe that art, culture, and creativity are fundamental human rights.

Our Yale University President's Public Service Fellow would serve as an Arts Administrator to support a variety of our programs and services. The Arts Council is on the front lines helping our arts community emerge from the pandemic and fight for social justice, so the Fellow will be an integral part of these emergent opportunities.

In addition to general member services, special projects, and other behind-the-scenes responsibilities for our creative community, the Fellow could be involved in the following core projects:

Arts + Economic Prosperity Study VI

In partnership with Americans for the Arts, the Arts Council will engage audiences and creative organizations in a new economic impact study in 2022. This is a unique opportunity, particularly due to the pandemic, that only takes place every five years with affiliate service organizations across the country. The Fellow will support the collection, analysis, and publishing of this data, with a focus on cultural equity and community engagement.

Grantmaking

The Arts Council is launching a new series of grants for individual artists and organizations, including an Artist Corps for community-led projects and a Creative Workforce Initiative to provide paid internships in arts organizations. The Fellow will support outreach and promotional efforts for these opportunities.

The Sandbox

The Sandbox is a new multipurpose artistic space for artists and activists to use for free to practice, learn, record, present, and perform their craft. A space for artists to be artists. The Fellow will support the Advisory Committee to develop programming to active this community.

Online Learning Library

The Arts Council's new Online Learning Library will be a free online platform to learn practical skills about the arts industry created by and for local artists, arts workers, and experts within a diverse range of art and creative mediums. The Fellow will help identify, select, and support contributors and then publish and promote their videos and articles.
